Sound reasoning and a written explanation shall be given for all suggested repairs. Lake County shall review all suggestions and judge them on a case by case basis. If the vendor and the County disagree on the operational need associated with the vendor recommendation the County may choose to have the issue peer reviewed by another contractor. In any event, the County's operational judgment shall be considered final in nature, with the vendor then being responsible for all costs of repair/replacement in the event of equipment failure.

If the Project Manager so requests, the Contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the Contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the Contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the

uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

- iii. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the Contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.
- iv. If during or prior to the operations, the Project Manager rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the Contractor notice of the defect. The Contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the Contractor giving the Contractor another seven (7) calendar days to correct the defect. If the Contractor fails to correct the deficiency within the second seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another Contractor or terminating the contract.
- v. Should the Contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the Contractor's expense. The Contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

- vi. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.
- vii. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indicated in the specifications. In the event the Project Manager finds the materials or the finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order that will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

### **13. PROJECT MANAGER**

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

### **14. CONTRACT TIME AND TIME EXTENSIONS**

- i. The Contractor acknowledges that time is of the essence in carrying out Contractor responsibilities. Project time shall be listed on the Cost Estimate. If no project time is listed the following shall apply:
  - a. For projects \$25,000 and under, the Contractor shall have forty-five (45) calendar days to complete the work from the date of receipt of the "Notice to Proceed".
  - b. For projects greater than \$25,000, the Contractor shall have ninety (90) calendar days to complete the work from the date of receipt of the "Notice to Proceed".

- c. If the Contractor fails to have the project completed by the specified time, the County may, at its discretion, either apply liquidated damages or hire another company to complete the work as needed. Any additional cost incurred by the County because of the Contractor's failure to complete the project as assigned shall be deducted from the Contractor's final invoice.
- ii. Unless otherwise provided, contract time shall mean the number of consecutive calendar days from the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The Contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the Contractor's work with the work of other contractors so that the Contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the Contractor. The Contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.
- iii. Should the Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the Contractor, and not due to the Contractor's fault or neglect, the Contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the Contractor may have had to request a time extension.
- iv. If the Contractor complies with the two (2) business days notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The Contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the Contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.
- v. Unless otherwise agreed to, weather events are specifically excluded as excused cause for delay under this agreement and no additional days shall be given for rain days.
- vi. The County and the Contractor recognize that, since time is of the essence for this agreement, the County will suffer financial loss if the work is not completed within the

time specified. The County will be entitled to assess, as Liquidated Damages, but not as a penalty, for each calendar day after the scheduled completion date the project continues. The project shall be deemed to be completed on the date the work is considered complete to the satisfaction of the County. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the Liquidated Damages as a penalty. The parties agree that the Liquidated Damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

- a. Missing scheduled appointments \$ 70.00 each appointment
  - b. Failure to respond to emergency calls \$250.00 per day
  - c. Late to emergency calls \$ 36.00 per hour
  - d. Inspected unacceptable workmanship \$ 55.00 each inspection
  - e. All Re-inspection Fees Assessed by the inspecting authority for inspection failures
  - f. Failure to provide any and all required documentation or reports \$ 75.00 per day
  - g. Failure to pass all inspecting authority re-inspections \$250.00 per day  
(within 30 days of initial inspection)
- vii. County shall retain from the compensation to be paid to Contractor the above described sum.

## 15. HOURS OF OPERATION

- i. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the Contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested workday. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in General Terms and Conditions, Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day  
Martin Luther King, Jr. Day  
Presidents' Day  
Memorial Day  
Independence Day  
Labor Day  
Veteran's Day  
Thanksgiving Day

- ii. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.
- iii. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day, or Christmas Day. If the official holiday is on a Saturday the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The Contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.
- iv. When the Contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the Contractor the sum of Two Hundred Fifty Dollars (\$250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

## 16. CHANGES IN WORK

- i. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures, make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the Contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the Contractor shall commence performance of the work as specified.

All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the Contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. If other work is not identified in the contract documents and if the Contractor believes that such performance will involve additional expense to the Contractor or require additional time, the Contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the Contractor fails to send the above required notice, the Contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. If the deficiencies are not corrected when inspected, the Contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the Contractor, the Project Manager shall make another inspection. There shall be an eighty dollar (\$80.00) inspection fee assessed to the Contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

**31. FINAL ACCEPTANCE**

- i. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The Contractor will then be released from further obligation except as set forth in the warranty and/or bonds in this Contract.
